UKH GLOBAL
From Farms to the World

# About *Us*

**UKH is a global trading company operating across Australia and Vietnam, specializing in sourcing, importing, exporting, and distributing fresh produce and food products. We connect trusted suppliers and customers across both markets and beyond.**

Our presence in both countries enables UKH to manage and oversee the entire supply chain, from growing area selection, grower development, quality inspection, packing, cold storage, logistics, and international transportation. This integrated operating model allows us to ensure consistent quality, full traceability in Vietnam, and compliance with Australia's strict import and distribution requirements.

At UKH, we understand that the superior quality of fresh fruit begins at the source. Our procurement team and agricultural engineers regularly conduct on-site visits to growing regions to assess cultivation conditions, monitor production processes, and select raw materials that meet strict quality standards. Through close cooperation with growers, packing facilities, processing factories, licensed irradiation facilities, cold storage providers, and logistics partners, we ensure proper post-harvest handling and maintain a stable cold chain to preserve freshness and extend product shelf life.

With our commitment to quality, service, and reliability, UKH is proud to serve as a bridge between Vietnam's rich agricultural resources and the growing demand for premium tropical fruits in Australia.

# Product *Portfolio*

## FRESH FRUITS

Experience the authentic taste of Vietnam's finest tropical fruits, including dragon fruit, pomelo, mango, passion fruit, and more. Carefully sourced and processed using advanced post-harvest technologies and modern cold chain management, our products retain their natural freshness, exceptional flavor, and premium quality from farm to destination.

## FROZEN FRUITS

Available in a wide range of varieties and packaging options to meet each customer's specific requirements. Our IQF and BQF freezing technologies preserve the natural flavor, texture, and quality of fresh fruit, delivering a product that is as close as possible to its fresh state.

## FRUIT PUREE & CONCENTRATE

Processed with advanced European closed-system technology, our products are made from 100% natural ingredients and include passion fruit concentrate, passion fruit purée, pineapple concentrate, dragon fruit purée, and more.

## SOFT DRIED FRUITS

Produced using advanced European processing technology, our premium dried fruits are made from carefully selected fresh fruits, preserving their natural flavor, vibrant color, and nutritional value without compromising quality.
